Name and Address of Guarantor

Net Weight (pounds, kilograms)

3-8-07

Note: Reference Feed Additive Compendium and Type A label (at the location) for appropriate use level, intended purpose, mixing and feeding directions, and caution and warning statements. Keep in mind that the Feed Additive Compendium may not have the most up-to-date information. In that case, the Federal Register may be referenced or direct contact with the drug manufacturer for current information.
